WHAT CAN YOU EXPECT?

Joining a start-up or starting a company as an engineer? Gain advice from engineers who have started companies and meet like-minded entrepreneurial engineers.

WHO IS IT FOR?

All engineers wanting to learn about engineering startups.

Engineers Australia members: $15
Non-members: $30

ABOUT THE PANEL SPEAKERS

Jordan Forsyth - Lead Mechanical Engineer at JAR Aerospace Pty Ltd.

Jordan graduated with a Bachelor of Mechanical Engineering honours degree from UNSW. He now works at JAR Aerospace, a small SME start-up in South Sydney as Lead Mechanical Engineer for design whilst also overseeing the entire manufacturing process.

Hayden Smith - Co-Founder and CTO of Pearler Investments

Hayden Smith is a Computer Science graduate from UNSW Sydney. Since 2018, Hayden has been Co-founder and CTO of Pearler Investments, an online community that uses social proof to help average Australians become more confident investors in the stock market.

Claudia Novati - Director of Novati Consulting Engineers

Claudia is a Chartered Civil Engineer operating her own consulting engineering firm-Novati Consulting Engineers, a firm based in the Southern Highlands, NSW. Claudia and her team at NCE provide civil and environmental engineering services for residential, commercial and industrial developments including the design and documentation for earthworks, erosion and sediment control, flood studies, road works, stormwater drainage design and stormwater quality management.
